SOURCE: 67 FR 63511, Oct. 11, 2002, unless otherwise noted.

§ 1421.1 Applicability.

(a) The regulations of this subpart are applicable to the 2002 through 2007 crops of barley, small chickpeas, corn, grain sorghum, lentils, oats, dry peas, peanuts, rice, wheat, wool, mohair, oilseeds and other crops designated by Commodity Credit Corporation (CCC). These regulations set forth the general provisions under which marketing assistance loans and loan deficiency payments (LDP) will be administered by the CCC. Additional terms and conditions are in the note and security agreement and the loan deficiency payment application that must be executed by a producer to receive marketing assistance loans and LDP's.

(b)(1) The basic loan rates, the schedule of premiums and discounts, and forms applicable to the marketing assistance and loan deficiency payment programs for the commodities specified in paragraph (a) of this section are available in Farm Service Agency (FSA) State and county offices. The forms for use in these programs will be prescribed by CCC.

(2) Loan deficiency payments shall be available for unshorn pelts, hay and silage.

(c) Marketing assistance loans and loan deficiency payments will not be available for any commodity produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

(d) Producers who produced eligible loan commodities are eligible for mar-

keting assistance loans or loan deficiency payments.

(e) The information collection requirements contained in this regulation (7 CFR part 1421) have been approved by the Office of Management and Budget under provisions of 44 U.S.C. chapter 35 and have been assigned OMB Numbers 0560–0009 and 0560–0036.

§ 1421.2 Administration.

(a) The marketing assistance loan and loan deficiency payment program shall be administered under the general supervision of the Executive Vice President, CCC and shall be carried out in the field by FSA State and county committees, respectively.

(b) State and county committees, and representatives and employees thereof, cannot modify or waive any requirement of this part, except as provided in paragraph (e) of this section.

(c) The State committee shall take any required action not taken by the county committee. The State committee shall also:

(1) For the 2001 crop year only, allow producers who violated the terms and conditions of the note and security agreement which resulted in the producer losing beneficial interest in the commodity before repaying the loan and the county committee determined the producer acted in good faith, to repay the loan at a rate that is the lesser of the loan plus interest; or the alternative repayment rate, as determined under §1421.10, in effect on the date the beneficial interest was lost. In cases, where a locked-in repayment rate under §1421.110 was applicable, the prescribed form is considered null and void.

(2) Correct or require correction of an action taken by a county committee that is not in compliance with this part; or

(3) Require a county committee to not take an action or implement a decision that is not under the regulations of this part.

(d) The Executive Vice President, CCC, or a designee, may determine any question arising under these programs,

or reverse or modify a determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the marketing assistance loan and loan deficiency payment program.

(f) A representative of CCC may execute marketing assistance loan and loan deficiency payment applications and related documents only under the terms and conditions determined and announced by CCC. Any document not executed under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.
